# AdTracker Game

Setup Instructions

To install the extension you should already have Google Chrome installed(https://www.google.com/intl/en_uk/chrome/)

1) Download the AdTrackerGame and **extract** it to your desktop.(Instructions on how to extract a folder can be found here)

2) Navigate to the "extensions" page, this can be located by typing 'chrome://extensions/' into your Google Chrome address bar.

3) Enable Developer mode, found in the top right corner of your screen.

4) Select "Load unpacked" in the top left of your screen and a file explorer will popup. Select the folder which you extracted to your desktop in step **1.**

5) The game is now installed, to open it, access the extensions menu in the top right of your browser(the jigsaw piece) and then select "Ad Game".

To keep the game pinned to the bar at the top of your screen, you can select the pin icon next to the game, from within the extensions tab.
